SHRINERS CONVENTION

Will Be Held in This City in the Masonic Temple on Next Thursday, April 26—Class to be Initiated.

A ceremonial session of the El Hasa Temple of Shriner of Ashland, Ky., of which a number of Maysville men are members, will be held in this city on next Thursday in the Masonic Temple. The session will be an all day one.

The meeting was brought to Maysville through the efforts of Master Commissioner A. G. Sulser, illustrious Potentate of that temple in an issue of a small folder gotten out by the El Hasa Temple we find the following, which gives the reason of the meeting being held here:

There was an old guy they called Sulser,
Who was full of hot air, gush and bull,
Sir;

They made him their "Pote"
And straightway he wrote
At Maysville in a meeting we'll pull sir.

At the meeting a number of candidates will be admitted to the mysteries of that degree of Masonry known as the "Shriners."

The Arab patrol of the El Hasa Temple with its band will be present arriving at 10 o'clock p. m. on the day set for the meeting. Further announcements concerning the meeting will be made later.

UNION REVIVAL

Will Probably Be Held in This City Next Fall—Plans Being Made Now by Ministerial Association.

The Maysville Ministerial Association, composed of the pastors of the various protestant churches of the city, is making plans for the holding of a union revival in this city next fall, according to news learned by the Ledger representative.

At a meeting held by that association several days ago a committee composed of the Rev. S. K. Hunt, pastor of the Third Street M. E. Church; the Rev. N. F. Jones, pastor of the First Baptist Church and Dr. John Barbour, pastor of the First Presbyterian Church, was appointed to plan for the bringing of some evangelistic party to this city that would be agreeable to all denominations. This committee is at work at present planning for the big meeting.

One of the evangelistic parties named by this committee is the Honeywell Evangelistic Party, one of the best known in United States, which is at present managing the Billy Sunday revival in New York City. This party is composed of four members and they have had a great deal of success wherever they have held revivals in the country.

The plans are for holding the revival in one of the large tobacco warehouses in the East End, during the month of September or October. The revival will be non-denominational, all of the Protestant Churches of the city taking part.

On next Sunday afternoon there will be a meeting in the First Presbyterian Church of all the ministers and laymen interested in the plans for a big revival. All interested are urged to attend if possible.

Such a revival will mean much in this city to promote a better spirit among the various churches. In addition to this it will bring a large number of persons from the surrounding country to attend the meeting.

The revival coming before the State Sunday School Association meeting, which will be held in the fall, will bring about better facilities to entertain the large amount of persons who will be present from all parts of the state. Maysville will be very active in church affairs during the next fall.

Let every Christian person in the city and vicinity pray earnestly for the success of the meeting.

A Secret

For the first time in cream separator history, the centrifugal force is made to do double service. In addition to separating the milk, it has been made to suck the milk from the supply can into the bowl.

In this way the feed and the separating force work together. At all speeds, just enough milk is sucked into the bowl to assure perfectly clean skimming. That's the secret of

THE NEW SHARPLES SUCTION-FEED

Separator. Old-style separators all have a fixed feed, so that if the speed is lowered, too much milk runs through the bowl. The result is that some of it runs out into the skim milk without being separated and some runs out into the cream, making it thin and uneven.

Any member of the family may turn the New Sharples to suit his own convenience. It always skims clean and delivers even cream.

The women folks prefer the Sharples because of its simple tubular bowl—only three pieces to wash and care for.

Stop in at the store the next time you are in town and let us show you this new machine in actual use. Bring the women folks, too.

WILLIAM G. JONES DIES SUD- DENLY

William G. Jones, son of Mrs. Walker Jones of Ripley, died at his home at Woodhaven, Long Island, last Wednesday morning shortly after five o'clock, following a short illness of pneumonia, aged 47 years and 9 months.

Mr. Jones was born in Jefferson township, Brown county, Ohio, July 16, 1869. He learned the printing trade in Georgetown under the late William Denny, and was a member of the Ledger office force many years ago being the predecessor of Col. J. B. Orr. He located in New York, where he followed his chosen trade. Several

years ago he, with a partner, purchased a newspaper in Brooklyn, and has been engaged in publishing this since that time.

Besides his wife, deceased leaves a mother, three sisters, a brother and a host of friends to mourn his loss.

The funeral was held from his late home in Woodhaven, Saturday afternoon. Burial in Brooklyn, N. Y.

CAUGHT ROBBING STORE

George Tipton, Boy About 14 Years Old, Seen in the Harrison Store On East Fourth Street— Captured Later by Police.

George Tipton, aged about 14 years, was captured by the police being charged with entering a store for the purpose of stealing therefrom. The officials seem to have a very clear case against him.

Last night about 7:30 o'clock, Mr. Eugene McGlone was passing the Harrison store on East Fourth street and happened to glance in. The store had been closed and Mr. McGlone was amazed to see a light suddenly flare up. He saw by the light the face of young Tipton and at once reported the matter to police headquarters.

Chief Mackey at once went to the Harrison grocery but upon arrival there Tipton had escaped. He spread a net for him however placing a spy at the home of the boy. About 10 o'clock the lookout reported that the lad had just gone home and Officer Drennen and Stewart went to the home, where he was arrested. He was lodged in jail.

His trial was held before Juvenile Judge W. H. Rice this morning at 10 o'clock but was too late to get particulars.

JOIN THE REGULARS.

The Chicago Journal has the following to say about enlisting:
"Young man, if you want to fight on land, join the regular army!"

You will put yourself thereby in the best war school on the continent under the most capable teachers that the country can furnish.

You will be made into a finished soldier at the smallest possible cost of time and of physical discomfort.

Your health will be guarded as if you were the lone son of an aged and fond millionaire. Your teeth, your feet, your diet and your sleeping quarters will receive the most expert attention. You will not be allowed to catch typhoid, and a good many other diseases which menace the civilian will be held at bayonet's length from you.

You may be killed but your life will not be thrown away, and if you live, you are putting yourself in line for promotion. You have a chance to go to West Point, and even if you miss this—through the fact that some comrades are better fitted for the place—the country needs thousands of officers to drill and lead its new citizen soldiers; and the only place to get these officers is in the ranks of the regular army.

Jointheregular."

WAR'S SHADOW WILL FALL ON BROADWAY

New York, April 17—Mayor Mitchell announced tonight, after a conference with hotel and restaurant managers, that all-night liquor licenses will be cancelled for the duration of the war, beginning May 1. Therefore, all bars must be closed at 1 o'clock.

"While I have no legal authority to regulate the hours during which drinks may be served in private clubs," the Mayor said, "I am sure that the public spirit of club members throughout the city will dictate a voluntary compliance with the policy I have outlined."

"This action I have taken because our country is now engaged in war and at such a time it would seem not only lacking in good faith, but in a proper sense of the present crisis for these places to remain open for dancing and drinking as heretofore."

PLAN FOR COUNTY ORGANIZATION

The following were the resolutions passed at a meeting of Maysville Chamber of Commerce of the Agricultural Department:

WHEREAS: These United States, our Government, has in defense of humanity, been forced to recognize, and to so declare that a state of war does now exist, by reason of despotism and depredation of human and property rights on the high seas, by the German Government under direction and dictation of the present ruling dynasty, and

WHEREAS: Every citizen is called to patriotically do his or her part in support of our Government with determination to actively and aggressively enter into war to enforce peace, and

WHEREAS: These United States are called upon to feed the world, and especially our allies, France and England; and owing to the shortage of cereal crop outlook, and the fact that 40 to 50 millions of men taken from the field of producers, and become consumers, the food problem must be worked out by those who do not go to the field of battle.

Now in order that every patriotic citizen may be encouraged and assisted to do his or her part in planting and cultivating the greatest quantity of crops of corn, soy beans, navy beans, kidney beans, butter beans, buckwheat, cabbage, turnips, and all articles that can be canned or dried for winter use.

BE IT RESOLVED: That in order that the greatest system in efficiency may be put forth in obtaining the best results in encouraging the planting, growing and conserving of food crops, that we hereby appoint volunteer executive committees, composed of eight citizens of the county, who will divide the County of Mason into districts, and appoint a sub-committee of five men in each district, selecting one of their members who shall be leader or captain of their respective district, all of whom shall co-operate and enter actively and aggressively into a campaign to thoroughly organize the districts, to encourage each able bodied man or woman in growing the greatest possible quantity of crops of corn, beans, potatoes, tomatoes, turnips, peas, cabbage, and all articles entering the food supply, to dry or can abundant supply for family use, and to produce a surplus to sell on the open market.

To influence land owners to permit their tenants and croppers to have all the land that they can cultivate to assist in producing plots of land or vacant lots for those that desire to cultivate a crop, and in every way encourage the growing and aid in marketing said crops.

The Executive Committee to aid in establishing credit for those unable to buy seed, and to arrange so that when desired the purchasing party can pay for seed in products of like kind when gathered.

To encourage the producing and conserving of cattle, hogs, poultry, etc., to maturity so as to furnish the maximum products.

To preserve and sun dry all apples, peaches, etc., allowing no waste of possible articles of food. To encourage and to aid in financing and purchasing of can and pars, and to assist in marketing same.

IN RECORD TIME

The U. S. Senate Passes War Bonds Bill—Measure Carries Largest Single Budget in Any National History—Vote Unanimous.

Washington, April 17—The war finance bill, providing for the issuance of \$7,000,000,000 in securities—national history—was passed unanimously tonight by the Senate.

After seven hours of discussion, the administration's measure which passed the House last Saturday and which provides for a loan to the Allies of \$7,000,000,000, was approved by the Senate with few changes in record time. These amendments may necessitate a conference, or the Senate changes may be accepted by the House.

In either event the executive branch of the government conducting the war with Germany will, within a few hours, have authorization for the great war chest at its disposition. To expedite action, the Senate tonight appointed conferees to act if the House should not, contrary to expectations, accept the Senate's changes.

Of the eighty-four Senators present tonight, everyone including all those who voted against war, except Senator Lane, or Oregon, who was absent because of illness, recorded themselves in favor of providing the funds to prosecute hostilities. Nearly all of the twelve absentees were ill.

That, in the inability of the nation to supply men at once for the fighting line, money should be America's immediate contribution to her allies, was the dominant thought expressed during the debate. Few senators participated in the discussion, which was totally devoid of partisan expression. Every senator speaking announced staunch intention to aid the government in prosecuting the war to speedy conclusion. Only two, Senators Borah and Cummins, declared opposition to the proposed allied loan. A few favored raising a larger proportion by taxation of the present generation and less upon bonds.

Amendments adopted by the Senate include this provision: "Limiting deposit of proceeds from the bonds in banks to the amount described by the bank and their depositors; permitting deposit of proceeds in state banks and trust companies as well as federal reserve banks; providing for exchange of subscribers of the issues authorized for bonds subsequently issued, during the war, at higher interest rate; requiring the Secretary of the Treasury to report expenditure of the bond proceeds December 31 and annually thereafter; and exempting the \$2,000,000,000 of treasury indebtedness certificates authorized from all taxation, except estate and inheritance taxes.

PLAN FOR FARMERS EFFORT DURING COMING SEASON

Food and Feed should be grown to as nearly a normal crop as possible. In the aggregate, which means a diversity of the crop production and not specialization in a few crops. In other words farmers should grow the same staple crops that they have always grown but with more efficiency, that production may be brought as near the maximum as possible.

We offer the following as a suggestive plan for the agricultural effort in the State for the coming crop season.

1. City people should make their back yard and vacant lot gardens produce as many vegetables as possible.
2. The general farmer should not this year plunge into the growing of truck crops, but should do his utmost in producing staples. The truck farmer should work to his maximum in the production of vegetables for the market garden supply and the general farmer should see to it that staple foods and feeds (corn, wheat, oats, hay, soy beans, cow peas, and live-

stock) are produced more and better than ever before.

3. Every farmer should have a good home garden which shall produce vegetables for home use, for storage and canning for winter's use, and a surplus to be used in any emergency that may arise.

4. Special attention should be given to the farm poultry yard. The flock should be housed better next winter, so that hens may produce eggs on less feed than ever before. A little bit of housing will mean a great many more eggs. If possible add a few more pullets to the flock to be kept over winter. Produce fertile eggs during the summer months. Preserve some in water glass for use next winter.

5. The winter wheat crop is going to be a short one. Every field that can be harvested at near an even break in cost of production should be allowed to stand till harvest. At the present price a field that promises even a small yield per acre should be left for the reaper. Other fields should be put in some other food or feed crop that will mature within the season; such as corn, soy beans, buckwheat, cow peas, millet, sorghum, etc. We recommend especially corn, buckwheat, soy beans, or cow peas. Every farmer should grow a few acres of soy beans for seed and for feed.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dressel, tailor and justice of the peace, 1238 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retarded. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dressel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills today as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dressel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Dressel has twice publicly recommended—the remedy backed by home testimony, 50c all stores. Opponents to Draft Plan, With Majority in Committee as Nucleus, To Force Fight For Volunteers—Senate Will Pass Staff Measure.

Washington, April 18.—The lines were drawn today for a great fight between the administration and opponents in the House on the plan to raise the war army by selective draft. While President Wilson was at the Capitol telling senators and representatives that no compromise between the volunteers and draft system could be accepted with safety to the nation, the House military committee by a vote of 12 to 8 adopted amendments to the administration bill authorizing calls for volunteers in increments of 500,000 and providing that the draft shall be applied only in the event the President decides that the force needed cannot be raised and maintained under the volunteer plan.

Chairman Dent headed the anti-draft forces and will introduce amendments to the bill in the House tomorrow, with a view to pressing it for passage Monday. Representative Kahn, of California, ranking Republican member of the committee, is preparing a report to be signed by the minority and will join in leading the fight on the floor for the administration.

Appeal to People Possible
The Senate committee formally voted, 10 to 7, today to report virtually without change the bill as originally drafted by the general staff and approved by the President and will present it tomorrow. The measure may be passed by the Senate without waiting for action in the House.

The President made very plain to those with whom he talked his determination to have the staff bill enacted. There seems no doubt that he will appeal directly to the country if necessary, and tell the people that in the opinion of the military advisors of the government as well as administration officials, national safety demands that the army be provided under the plan prepared by the army experts after long study and consideration of lessons learned from the war in Europe.

The War Department holds that every weakness of the volunteer system would be perpetual under the House committee's scheme. A feature of the amendment providing for the selection of officers from local units is regarded by officers as particularly obnoxious to sound military principles. They say the task of providing competent officers under this restriction would be rendered ten times more difficult and the efficiency of the army to be built greatly reduced from the very start.

IMPORTANT CASE ON TRIAL

The case of Barrett's administrator against Brand is now occupying the attention of the Mason Circuit Court. This case has been on trial in a previous term of court. It was first brought up for trial in this term on Monday of this week.

Mrs. Charles Nauman of the West End and daughter-in-law, Mrs. Charles Nauman are spending the day in Cincinnati.

LOOK FOR IT HERE

Potato planting is now the order of the day. We were informed some several days ago that a new idea had been discovered in planting the "Kink," to wrap paper around them. The idea sounded rather funny and upon inquiring why we received the startling intelligence that it was to keep the dirt out of their eyes.

Had we been asked we might have loaned the above head if needed very badly.

Society

One of the most brilliant events of the year was the reception of Mr. and Mrs. W. W. Ball, Sr., and Mr. and Mrs. W. W. Ball, Jr., at the home of the former in honor of Mr. and Mrs. Edward C. Ball, who were wed recently at the home of the bride's mother in Anchorage, Ky.

The society of Maysville has seldom attended such a brilliant event as that of last evening. About 250 of the leaders of the social set of this city and county were present.

The beautiful home situated in one of the most attractive locations in Maysville, was beautifully decorated for the evening. Smilax and spring flowers were the main decorations, being arranged very attractively. Certainly the home had never looked more beautiful.

The hours of the reception were from 8 until 9 and from 9 until 10 o'clock.

The receiving line was composed of Mr. and Mrs. W. W. Ball, Sr. and Mr. and Mrs. W. W. Ball, Jr., Mr. and Mrs. Edward C. Ball, Mr. and Mrs. J. Barrett Russell, Miss Ellen Kirk, Mr. J. Dudley Ball and Mr. John Fitzgerald. The ladies were beautifully attired in handsome gowns.

Refreshments consisting of ice, cakes, candy and nuts, were served. Altogether the affair was one long to be remembered by the society of this city.

In the last Bulletin special attention was called to the matter of home gardening. Since then several members have reported plots of ground which they will be glad to have cultivated. ALL ON A MAY MORNING

The Woman's Home Companion for May, in the picture section, contains a most beautiful picture taken by Mrs. Ben B. Poyntz of Covington, entitled "All on a May Morning." During one of the visits to the old home at Nashville, Mrs. Poyntz took a number of views, this one showing the boys, Charley and Lawrence (BIB) feeding the ducks and chickens, makes a most attractive picture and will be prized by the many friends here, who are fortunate in having a copy of the magazine.

OLD CONCRETE TORN UP

The frozen concrete on East Second street in the Sixth Ward has been torn up by the contractors and they are now busily engaged in relaying new concrete. They will begin laying the asphalt in a few days.

The fountain was cleaned and repainted yesterday and will be turned on in a few days. This will be a great help to the many thirsty horses in the city during the hot summer months. There are only two other watering troughs in the city, both of them in East End.

OUR COLORED CITIZENS

The Congo River Tabernacle Lodge, No. 89 will have a meeting tonight. All members are urged to be present.

MRS. BERTIE L. DUDLEY, H. P. Frank Mayberry, 22, and Miss Mattie Humphrey, 24, obtained a license to wed from County Clerk J. J. Owens yesterday.

On Monday night next Rev. L. P. Roberts, a man of God, who has held campmeetings and revivals all over this state and parts of others, and is now busily engaged in active evangelistic work which is taking him over a large scope of country, and who has met with great success, will begin a series of services at the Second M. E. Church, South, extending over a period of two weeks, or thereabouts. We are praying and expecting a real genuine Holy Ghost, soul reaching heart-stirring, God-glorifying and sin-uprooting revival. The pastor will preach on Sunday at 7:45 p. m. Brother Roberts at the same hour beginning with Monday and running the entire course. Come friends and enemies, children and aliens, rich and poor, high and low, great and small and let's get closer to God.
